

PERFORMANCE DATA - RO-60E - ELECTRIC ROLLER						
Part No.	Belt Size	Wattage	RPM Free Running	Vibration Level	Belt Surface Speed (metres per sec) Not Variable Speed	Sound levels at 90psi (6.12 bar) 1.5 metres for Tool dB(a)
RO-60E24	60 X 260mm	600	5,500 (no speed control)	Less than 2.5m/s sq	14.4	81
Only 240 volt option available						
WEIGHT AND DIMENSION DATA - BGE - ELECTRIC BELT GRINDER						
Part No.	Weight in kilo	Length in cm	Width in cm	Height in cm	Note 1: All performance figures are average readings.	
RO-60E24	2.20	25.0	10.2	12.8	Note 2: Sound level readings were taken without abrasive belts as the wide range of abrasive grits and backings have varying effects on the readings.	
					Note 3: Vibration levels measured under working conditions grinding a block of steel using 60 grit aluminium zirconia abrasive belt.	
Version 2
